and Neighborhood Services

# DISCOVER...

San Jose Family Camp is located in the heart of the Sierras just off Highway 120 near the West gate of Yosemite National Park. The Stanislaus National Forest and the Middle Fork of the Tuolumne River serve as a scenic backdrop to this mountain playground. The camp is a retreat where campers of all ages can fish, hike, swim and participate in organized programs, or just relax and take it easy. It's a great experience for the entire family!

San Jose Family Camp is a scenic 40-acre self contained campground facility with tent cabins for campers, a dining complex, a swimming area, amphitheater, campfire circles and conveniently located restroom/bath units with hot showers. The camp facilities include a soft-ball field, archery range, horseshoe pit, playground, shuffleboard courts and a lodge for special gatherings. Limited wheelchair accessible facilities are available, advanced reservations are recommended.

The camp is open to campers generally from May to mid-October. During spring and fall, the pre- and post-seasons, camp is available for individual, family and group use. During these periods, camp is host to community organizations such as YMCA, Scouts, schools, and special interest groups. Fishermen stay and fish the river during the early fishing season.

The Family Camp summer program runs from the middle of June through the middle of August. This program is supported by a full staff, has complete meal service and a variety of structured activities. Families

arrive throughout the week and stay an average of four nights. Each family stays in their own tent-cabin. Meals are prepared by camp chefs and are served cafeteria-style in the dining hall.

# FAMILY FUN

Family Camp's summer program provides an opportunity for campers to experience the excitement of sports and activities or to enjoy relaxing leisurely walks by the Middle Fork of the Tuolumne River. Family Camp offers activities and special events for all ages throughout the summer, including nature hikes, campfires, skits, talent shows, socials, special activities for children and tots, overnight campouts for older children and teens, and sports such as fishing, volleyball, softball, and ping-pong.

Interpretive activities introduce children and adults to the natural history of the Sierra foothills. Nature oriented craft programs are conducted daily. The Fort Tuolumne childcare area provides supervised fun for youngsters (not a licensed daycare), allowing adults to participate in other activities.

Sports tournaments, theme days and special events attract those who are more venture-some. Reading on the patio, board games, a dip in the pool, a quiet breakfast walk and a glance at the rings of Saturn on a Stargazing Hike

are part of a more leisurely visit to camp. A different program is presented each evening with an emphasis on old fashioned family fun.

Many families take advantage of Family Camp's ideal location to plan excursions to Yosemite and the historic gold rush towns of Columbia, Sonora and Coulterville. Trips to the Moccasin Creek Trout Hatchery and the fishing streams and lakes of the high Sierra are also popular. Other nearby attractions include hayrides, horseback riding and golf.
